COVER - We salute, in admiration, the efforts of the 4th Old Dartmouth Militia who in a few short years have revitalized Fort Phoenix. These photos, taken in May, catch the action as the Fort's cannon roar again. In that ambitious recreation of the battle with "British" vessels and the September recreation of the "British" raid, this Fairhaven group has made the history of the region live again. Both efforts drew huge audiences and were extremely entertaining to all. If this historic effort continues to focus attention on Fairhaven and the old fort, we have no doubt that it will become one of the major tourist attractions of the region. Never doubt the power of a group of dedicated people. The men of the 4th Old Dartmouth Militia have proved how far such concentrated effort can bring a forgotten asset. Fort Phoenix has truly risen again from the ashes of neglect. D.C.J.

RETIRES AS ASSISTANT CURATOR

The Mattapoisett Historical Society's museum was quiet and empty when Miss Dorothy Fox and her escorts, Mr. and Mrs. William Dexter, arrived at 7:30 P.M. September 17th, an atmosphere that soon changed when she stepped through the door leading to the Carriage House.

At that moment the shout, "Surprise! Surprise!" burst forth from the approximately

museum's assistant curator, but her remarks to the group and the way she plunged right in, greeting them all as if welcoming a delegation of visitors left little doubt that her interest in the Society would remain as active as ever.

When the names of the two people appointed to replace her (Winfield Jenney and Robert Bennett) were announced, she immediately turned to Win and said, "I have a job for you already. A rocking horse and a spinning wheel have been donated to the Society and are waiting to be picked up."

Addressing the group in response to the presentation of a gift from them, Miss Fox commented that the greeting she perhaps has given most often in her nearly 15 years of association with the museum has been, "How nice it is to see all of you here and to welcome you to our museum." She then went on to say that it gave her special pleasure to have this opportunity to say "thank you" to so many of the people who have cooperated "so wonderfully" with her over the years. "It has been a most rewarding experience," she added, "for me as well as for our town."

Wearing a chrysanthemum corsage and appearing right at home among so many friends, she beamed as she showed them the unique scrimshaw medallion by Kjeld Jensen that has been presented to her depicting the Church Street facade of the museum. In making the

BUSINESSMEN REQUEST SIGN ON 195

Mattapoisett Selectmen have received a letter from Arthur LeClair, temporary chairman of the Mattapoisett Businessmen's Association. Mr. LeClair requested aid from the Board in applying for a sign on Route 195 to advise tourists of the services and accommodations available in Mattapoisett.

On September 17th, Mattapoisett Selectmen wrote to Mr. R. J. Kelleher, District Highway Enginner of the Massachusetts D.P.W., on this subject. The Selectmen pointed out that Mattapoisett contained several of the finer restaurants of this section as well as a number of gas stations, a variety of retail stores, desiring to have a sign on 195 notifying tourists of these facts. The Selectmen wrote that Mattapoisett Businessmen had petitioned the Board of Selectmen to ask for the installation of a Fuel, Food & Lodging sign on each of the east and west bound lanes at the exit ramps on North Street. They expressed the hope that this could be accomplished before the opening of the Mattapoisett to Fairhaven section of the highway.

Selectmen have also written to the Cranberry Chamber of Commerce requesting assistance in obtaining a sign on 195.

EEL POND PRIORITY

Malcom E. Graf, association commissioner of the Massachusetts D.P.W., wrote to the Board of Selectmen of September 6th in reference to the Eel Pond. He said a field survey for Eel Pond work for which Mattapoisett's share is $500.00 has been added to the priority list for a field survey and design plan. Until a design plan has been drawn, the D.P.W. is unable to estimate con-

struction costs. He stated that, as of September 6th, no funds were available for projects petitioned after the last legislative capital outlay in 1970.

Selectmen have been attempting for a number of months to enlist aid from the State in order to comply with State regulations on clearing the mouth of the Eel Pond which requires rip rapping, grain installation and other costly engineering. This letter from Mr. Graf was in reply to the Selectmen's letter of July 12th.

OPPOSE FERRY CONTROL BILL

The Mattapoisett Board of Selectmen has written to both Representative Charles MacKenzie and Senator John Aylmer to enlist their support in opposition to House Bill 7266 which would empower the Woods Hole, Martha's Vineyard and Nantucket Steamship Authority, a State agency, to further control water transportation between New Bedford and the islands.

The Selectmen wrote that they feel that water transportation should not be inhibited by laws and restrictions over private enterprise that will cause the townspeople the inconvenience of an hour's trip over land to Cape Cod for boat service which is a trip complicated during the summer months by traffic snarls and long delays.

BOOTH GUNSCHEL RESIGNS

Dr. Joseph Kunces has advised the Board of Selectmen that Booth Gunschell has submitted his resignation as a member of the Old Rochester District School Committee on September 13, 1973, effective October 2, 1973.

At the Marion School Committee meeting held September 12th, Mrs. Betsy Parks was appointed to fill the vacancy on the committee for the balance of Mr. Gunschel's term.

TRUCKS HIT TREE ON NORTH STREET

The increased flow of traffic on North Street due to the opening of 195 to Mattapoisett has resulted in a summer long stream of traffic on this narrow road. Recently, two large trucks hit a North Street oak tree and hold the town liable for damages. The New England Telephone Company truck hit the oak on August 13th and claim damage of $1,288.86. A Sharkey Action Store truck hit the oak May 28th and claim damages of $511.29. The Board of Selectmen have referred the matter to Town Counsel Leonard Perry. The tree branch has been ordered removed.

TOW AWAY STUDY

Selectmen have asked the Traffic Survey Committee to review the no parking regulations in relationship to tow away zones and to recommend which no parking areas should be designated and posted as tow away zones.

SENIORS COMPLAINT

A complaint has been received that Mattapoisett Senior Citizens have not been getting reduced bus fares from the trip to New Bedford. Selectmen forwarded the complaint to the Council on Aging.

POW WOW

Selectmen have called a meeting for October 2nd for heads of Town Departments to discuss various areas of interest and common goals.

APPLICATION NOTED

The town has been notified that #MA0100072 will be Mattapoisett's application number for a discharge permit under provisions of the Federal Water Pollution Control Act Pub. Law 92-500 Sec. 402.

NEW EMPLOYMENT OFFICE

The Massachusetts State Employment Service has opened a new office at 874 Purchase Street in New Bedford and held an open house September 26th. They will continue to maintain an unemployment insurance function at 618 Acushnet Avenue, New Bedford.

SHELLFISH PERMIT REVOKED

Selectmen acted on a shellfish complaint and voted on September 18th to pick up permit #945 issued to Mr. William Brown of Duponte Drive, Mattapoisett. The violation was for exceeding the shellfishing limit.

The license and permit have been picked up.

OPPOSE SIGN REMOVAL

Selectmen have written to Mr. R. J. Kelleher opposing a DPW order for the removal of the Harbor Beach sign at Route 6 and Aucoot Road. The Selectmen stated that thousands of people from out of town visit the Harbor Beach Restaurant and will have no idea of its location if the sign is removed.. Selectmen anticipate a Route 6 traffic hazard from motorists stopping along the highway to ask directions to Harbor Beach. They maintain that the sign must be located at Aucoot Road for traffic safety reasons. They request that the DPW install a sign reading Harbor Beach at the intersection of Aucoot Road and Route 6 as well as a smaller sign several hundred feet from the main sign in each direction.

Senior Class Meeting

The Senior Class of Old Rochester Regional High School held its first meeting of the year on Wednesday, September 12. President James Bradley conducted the meeting during which Mrs. Marland spoke to the group about the importance of making up "No Credit" grades which will show as zero on the student's permanent record at the end of the school year. She also told of scholarships available in the Guidance Office and urged the class to listen to the daily morning bulletins through which all scholarships are announced.

Mrs. Jean Briggs of the Guidance Department addressed the group about vocational and post-secondary educational planning, stressing the importance of the Scholastic Aptitude Tests (SAT) to be given at the Old Rochester Regional High School on December 1 and the Achievement Tests at Tabor Academy in January. Any student wishing to take either or both of these exams should sign up and also pick up a registration form in the high school Guidance Office before October 25 for SAT's and December 6 for Achievements.

Interview procedure for employment and schooling was also discussed as was financial aid

Juniors with post-secondary educational plans had a meeting also on Wednesday with Mr. Edward Spalding and Mrs. Briggs to learn about the preliminary SAT, scheduled for October 27 at the Old Rochester Regional High School. This exam is now used for the selection of National Merit Scholars as well as an index for the SAT. Registration is in the Guidance Office and currently stands at over 80.

COLLEGE REPRESENTATIVES AT ORRHS

Representatives from the following schools will be in the Guidance Office of Old Rochester Regional High School during this week and next to speak with interested seniors: Northeastern University, September 26; Regis, September 26; Newton, September 27; Cape Cod Community, September 28; Johnson and Wales, October 1; and Swain School of Design, October 4.

Students have been made aware of these opportunities along with notice of the upcoming Betty Crocker Homemakers Scholarships available through competition in December.

All Juniors should be paying for their PSAT Exams and Seniors should be picking up the parents' confidential statements available in their Guidance Office.

BULLDOG OPENER - LOST 7 to 0

An intercepted pass picked off by safety Mike Ploude went for 70 yards and a Case touchdown with the first half running out. Moniz kicked the point and that was the story of the game between Old Rochester and Case last Saturday afternoon in Swansea. The Old Rochester defense stopped Case cold with a total 57 yards. The Case defense was equally effective stalling all Old Rochester attempts to mount an offense and holding the Bulldogs to 77 yards.

This Saturday Old Rochester meets Diman Voke of Fall River at the home field in Mattapoisett.

Rules for School Transport

School Committee regulations for Old Rochester Regional High School provide that all students must travel to and from school on the school bus unless in the company of their parents or permission for travel by private vehicle has been given by the school administration. In keeping with school committee policy, travel by private vehicle is generally discouraged. Students who work after school and who need private transportation on that account, may upon written application signed by their parents receive permission to travel by private vehicle. No student may carry another student as passenger to or from school and driving privileges may be revoked for any violation. Parents are asked to cooperate in carrying out the wishes of the School Committee.

Letters to the Editor

Having attended the Special meeting for water it left me with the feeling that the people in town acted like fat cat plantation owners. Just because they have water enough to drown themselves in they did not care that their slaves (people in outskirts) have none. We people in the outskirts have petitioned time and again for water but to no avail. They did not even care to listen to the firemen who know how dangerous it is to be without water. A house next door to me completely burned down to the ground. Another house up the road burned so bad the people could not live in it for weeks. I'm glad the mothers in town can go to sleep good nights knowing they have enough protection. The heck with us. In the meantime our taxes have gone up three times as much too.

People forgot fast the 5-year drought we have but it is still burned deep in my memory.

EDITOR'S NOTE

This statement about a fire hazard was brought forth several times during discussion at the Special Town Meeting before the vote. It was answered by Mr. Paul Kelley. Mr. Kelley said that, whether hydrants were on the scene or whether firefighters arrive transporting water, the distance from the fire station to the site of the fire is the same. Mr. Kelley said that, hydrants or not, no fire will be fought until firemen arrive at Brandt Beach.

LETTER TO THE EDITOR:

For the last several years I have developed a special interest in education in the early grades because this is such a vital and dynamic component of growth and development of children. Because of this interest, I have become very familiar with the assets and liabilities of the area school systems, their administrators, the schools and their principals, and many teachers. I would place Mr. John R. Moynihan at the top of the list of competent and capable, conscientious and compassionate educators.

After the year he recently spent furthering his education at Boston College, he shared with me some of his concepts, insights, visions and hopes in the educational field. It was obvious that if Mattapoisett was to keep a man of this calibre, it would have to be willing to encourage him to develop these talents and be willing to give him the opportunity to do so. Because of that, I took out nomination papers for Mattapoisett School Committee. Not having any political savvy or experience, my defeat at the polls came without surprise and gave me no pain. But today I am sad I lost because today I heard of the resignation from the Mattapoisett School system of Mr. Moynihan.

We should all be envious of Rhode Island that they are able to satisfy his genuine needs of fulfillment, something that Mattapoisett could not or would not do. We should be envious of Rhode Island's children who will benefit from this man's diligence and capabilities.

We wish him happiness in his new position. I am sure he has ambivalent feelings leaving Old Hammondtown, but perhaps he will derive some comfort from knowing that there are many in Mattapoisett, myself included, who will miss his presence in our schools.

HEALTH FAIR

There was a large turn-out to the Health Fair held in New Bedford from Mattapoisett. The few who did not attend the Fair certainly missed "something".

There were representatives of banks, officials and leaders of organizations, clubs, churches, volunteering their services or lending moral support.

Handsome young National Guardsmen (tomorrow's members of Senior Society) gallantly assisted people getting in the cars and buses, giving directions.

The Mattapoisett Senior Society was urged to attend and they did. They went by buses, private cars; those retired or still working at their professions.

Mrs. Sophie Sterling and Mrs. Gloria Rounds "practiced" what they preached and attended the Fair. They were very surprised to see that they hit the front page of the next day's (Sunday) issue of the Standard-Times with Dr. Simmons and others.

Mattapoisett's very own "Angel of Mercy", Mrs. Lenora DeCoffe, was a beautiful vision in her immaculate white uniform and sparkling sapphire blue eyes. She put people at ease with her calm and reassuring manner. It was a great satisfaction to her for the Mattapoisett attendance, as she worked long and diligently with concerned people to bring this about. It did prove that Mattapoisett Senior Society exists and is alive, and it's great.

Mrs. Gloria Rounds, Publicity

Special mention should be made of the young teenagers who spent the entire beautiful Sunday afternoon punching score cards and assisting the Seniors in various other ways: Janice Tavares and her brother Robert, and their two friends Cecie Lemieux and Karen DeLuca. These young and attractive people were alert, well-mannered and did an excellent job. They are a credit to Mattapoisett as well as to their parents.
